

A new design series of switches and sockets inspired by the toggle RETRO series, presenting a perfect blend of minimalism and functionality in every space. The frame material includes high-quality glass in practical white and black finishes, as well as wooden frames for those seeking a natural design. Setting it apart from the RETRO series is the size and thickness of the frame, measuring 86 mm in diameter and 8 mm in thickness, providing modern and minimalist vibes to interiors.

glass

It is characterized by clean and simple shapes that emphasize the beauty of glass. Switches are designed with an emphasis on minimalist style and ergonomic design, giving the interior a modern look.

wood

It combines the timeless natural beauty of wood with the modern appearance of metal. Each piece is carefully crafted to blend traditional craftsmanship with premium design, creating a unique spatial element.
